## *Reaching the World Through Brazil... Acts 1:8*

Dear Prayer Partners,

August-September 2017

We want to thank all of those who are praying for us and contributing in one way or another to the work here in Brazil. We are encouraged by the progress that is being made. However, there are still many spiritual battles being fought.

Last night I was out until 10pm trying to help a family in our church who was having some relationship problems. This morning we received a call before 8am from another family whose house was hit by thieves during the night. No physical harm was done, but many things were taken. Setbacks like this can be hard to deal with, but lest we dwell on the negative, let me share some great things God has done!

The construction is going well at the church. We have finished the foundation work and have already started closing in the walls around the auditorium. The road in front of the church has been asphalted already, and neighbors are starting to build houses. Paulo and his wife are building right across the street from the church property and they have already promised to come visit once we are meeting there.

At the very end of July, the piece of land behind the church property went up for sale. A special offering was given to cover the cost of the down payment and the men decided the church could then afford the remaining payments. The purchase has been made and we now have twice as much land! This will change our plans for future building and will make the current location a more permanent location allowing us to expand when necessary.

We have had several visitors recently and record numbers of people in attendance. Their continued response to the preaching of God's Word is encouraging. The need for space is becoming more evident, but the spiritual need also is more evident as we deal with more people on a regular basis.

Several churches have recently sent us special offerings and we want to thank you for investing. We recently received money for printing tracts and also some money toward the purchase of a motorcycle. Lord willing, we will soon have a better means of transportation to get to the Indian tribe. Thank you for praying!

Lord willing, we will be done with the church construction and also a few other projects before we head to the US for a three-month furlough next summer. We plan to be in the states from the end of April to late July. If you would like for us to stop by your church while we are there, please let us know. You may use the contact info below to reach us.
